GADs are provided for the use of authorized property owners, residing immediate family members, Registered Renters and others as approved by the CDD. The device is issued based on qualifying vehicles and garage bays, but is not tied to the vehicle per se. If a GAD device is used in a rental, friend’s vehicle, etc., a qualifying authorized person must be in that vehicle. The GAD’s are not to be lent out or given to unauthorized individuals while the property owner, residing immediate family member or Registered Renter is out of town, on vacation, etc.

Authorization to use GADs, SAACs, and the Amenities is included in the BUR of each Property Owner or Registered Renter. GAD, SAAC and Amenity usage are parts of the integrated Amenity package.
