 no policing power
 no direct organizational relationship to GHCCDD or GHMA
 aides in the collective "eyes and ears" of the community
 works with FCSO Community Outreach Liaison _____ + = Maximum
Achievable
State of Security

GH was marketed as: "A gated private club community....."

The reality: Grand Haven is a CDD, a unit of PUBLIC Special Purpose Government: the roads and sidewalks (Wild Oaks) are owned by the CDD, a public entity, which cannot exclude public entry and passage.
 The "gated" in the marketing slogan refers to the limited powers granted to the CDD for " Access Control".
 The "private" in the marketing slogan refers to the Escalante Golf Course property only, not the common areas of the District.
