

## **Storm Protocol**

1. Take following actions when wind is forecast to reach tropical storm force (39-73 mph sustained winds.) Obtain data from Flagler Emergency, Weather underground and/or NOAA
2. When action is to be taken notify community ASAP- minimum of 12 hours in advance of action

### **Gates**

1. Release security officers.
  - Open and remove metal gate arms and open the Crossings and Wild Oaks Gates 12 hours in advance of storms or at the discretion of field operations manager depending on circumstances.
2. Security officers return, crossing and wild oaks gates closed and Gate arms installed when Tropical Storm winds forecast to clear and weather allows gate arms to be safely installed at the discretion of the field operations manager depending on circumstances.

### **Amenity Centers**

1. Close amenity centers 12 hours in advance of storm or at the discretion of the field operations manager.
  - Cert team has authority to use the Amenity facilities as needed for cert team operations. Cert team is acting under the authority of the Flagler County Emergency Management Services.
2. Reopen amenity centers when tropical storm winds forecast to clear or at the discretion of the field operations manager.

### **Deck Areas**

- Place chairs and chaise lounges in pools
- Move tables to corner and secure
- Place umbrellas, life preservers, flags, etc. into equipment room.

### **Tennis courts**

- Remove wind screens

### **Misc.**

- Remove canopies at category 2 winds
- Secure village center main breezeway doors with 2X4's
- Place the golf cart in pool equipment room

### **Communications**

1. Establish agreement on actions between AMG Mgr and FOM
2. FOM establishes agreement with Chairman of BOS; informs Dist Mgr
3. FOM sends blast e-mail to community re actions at gates
4. AMG sends blast e-mail to community re actions at amenity centers
